- **Brief Report of the Programme/Activity:-**

The department of Economics organized an educational Industrial visit to Dhanas Paithani Products and Accessories Industry on 11th Oct. 2025 for undergraduate (UG) and Postgraduate (PG) students of the department of Economics. During the visit, the students observed various aspects of the industry, including the production, marketing practices, and business operations. The visit helped students connect their theoretical knowledge of economics with practical industrial activities. They also gained insights into the importance of traditional industries in generating employment income and entrepreneurial opportunities. All faculty members of the department of Economics and a large number of UG and PG students actively participated in the educational visit. The visit was highly informative and provided valuable practical learning experiences to the students. It was enhanced their understanding of entrepreneurship, business management, marketing and contribution of traditional industries to the local economic development overall the industrial visit was successful and beneficial in developing student's practical knowledge and broadening their understanding of economic and entrepreneurial dimensions of the Paithani Industry in Sangli District.
