2. Students understood the relevance of AI tools in English language teaching, learning and professional work.
3. Students were introduced to practical concepts of ChatGPT and Prompt Engineering.

- **Brief Report of the Programme/Activity: -**

A guest lecture on "Job Opportunities in English Language with Reference to AI in Post-Liberalization India" was organized at Willingdon College, Sangli, on 20 August 2026. Dr. Shardool Thakur delivered an informative lecture on the changing career opportunities for English language learners.

Dr. Thakur discussed the impact of post-liberalization, globalization and technology on employment opportunities. He highlighted emerging fields such as E-learning, content writing, digital communication, technical writing and AI-assisted language services. He introduced students to ChatGPT and Prompt Engineering and explained their potential use in education, research and professional work.

He also encouraged students to make effective use of learning platforms such as SWAYAM and NPTEL, develop a professional profile on LinkedIn, and explore opportunities offered by institutions such as SNDT University. The lecture emphasized that combining English proficiency with AI and digital skills can significantly improve employability.

The session was highly informative and motivated students to develop new-age skills and explore diverse career opportunities in English language in the AI era.
