

Key Indicator – 4.2 Library as a learning Resource (20)

4.2.1 Library is automated using Integrated Library Management System (ILMS), subscription to e-resources, amount spent on purchase of books, journals and per day usage of library.

Library Automation using Integrated Library Management System (ILMS):

SMGKM Library is using ILMS named Purna Library Management System for carrying out its library operations since 2014. The library is successfully carrying out operations such as acquisition, cataloguing, circulation, serial control, library administration services etc. using this software. Barcode scanners are being used to carry out circulation services at the library smoothly. Library also provides OPAC services to their users to access the books by Title, Author, Publisher, Subject, Call Number, Book Number, Department, etc. The snapshot of the library software and the OPAC available at the library have been presented below:

Further, the additional details of Library Software has been provided in PDF attached.

Subscription to E-Resources:

The Project entitled "National Library and Information Services Infrastructure for Scholarly Content (N-LIST)", is being jointly executed by the e-ShodhSindhu Consortium, INFLIBNET Centre and the INDEST-AICTE Consortium, IIT Delhi. We at SMGKM library are a regular subscriber of N-List since 2011. The N-LIST project provides access to e-resources to students, researchers and faculty from colleges and other beneficiary institutions through server(s) installed at the INFLIBNET Centre. The users from colleges can now access e-resources and download articles required by them directly from the publisher's website once they are duly authenticated as authorized users through servers deployed at the INFLIBNET Centre.

The additional details regarding the subscription towards e-resources can be viewed in the PDF attached.
